RE: Eastman Chemical Company's Deposit Account
Account No. 050221

Dear Sir:

Attached please find Page 5 of our Deposit Account Statement dated May 31, 2006. On May 15, 2006, our Deposit Account was charged \$120.00 for fee code 1251 for Patent Application Serial Number 10700454. Attached please find a copy of the Abstract of Application Number 10700454. This Application is not an Eastman Chemical Company application.

We respectfully request that our Deposit Account 050221 be credited \$120.00.

Please confirm safe receipt by return facsimile.

If you have any questions, please do not hesitate to contact me.

Thank you,

Jenny A. Everhart

Frequency measurement circuit

Abstract

A frequency measurement circuit measures a frequency of an input signal. The frequency measurement circuit includes a frequency measurement unit for counting a reference clock during a counting period having a predetermined number of waves of the input signal. The frequency measurement unit counts the reference clock by using a lighter amount of weighting to each count at a starting time and an ending time of the counting period than the amount of weighting at the other times of the counting period.
